Classrooms of Today*

Friday, March 10, 2017
National Conference Center
Leesburg, Virginia

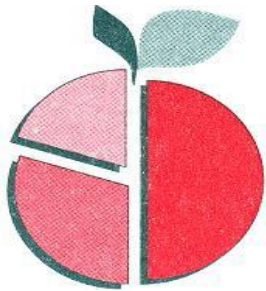

Sponsored by:
The Loudoun County School- Business
Partnership Council
and
The Loudoun Education Foundation, Inc.

Loudoun County School – Business Partnerships

In 1990, the Loudoun County School-Business Executive Council was organized to serve as a clearing house in facilitating matches of the business and education community.

The council is composed of corporate executives, business professionals, government agency representatives and educational leaders. Throughout the school year, the partnership council provides networking activities, events with partners, and recognition of its partnerships. The School-Business Partnerships strengthen and enhance Loudoun County Public Schools and ensures that Loudoun’s special quality of life continues for its young people and for the County’s growing business community.
